Stop Tommy Robinson, Stop the far right – unite against racism, Islamophobia and antisemitism

National demonstration Saturday 26 October

Tommy Robinson is coming to London with a hate march to spread his racism and Islamophobia. Robinson is a fascist who founded the English Defence League.

Stand Up to Racism has called a unity demonstration against Robinson to show that we will not let the far right take over our streets.

Napo is calling on all our members to join the demo in Central London to send a clear message: stop the far right, unity over division.
